Adjournment

The School Committee desires individuals to attend its meetings so that they may become better acquainted with the operations and programs of our schools and welcomes public comment. Public Comment is an individual's opportunity to express an opinion on School Committee business. The Committee may respond to a public comment by taking it under consideration when deliberating on an agenda item, recommending an item for Public Hearing, or referring an issue to the administration for appropriate action or response. While Public Comment is not a discussion, debate, or dialogue between individuals and the School Committee, a Public Hearing allows for this opportunity. If the Committee believes that an issue requires a dialogue, the Committee may schedule a separate public hearing at a later date on that issue. In addition, any citizen who wishes to make a Presentation to the School Committee on a topic within the scope of the Committee's responsibilities may request to be placed on a future agenda at the discretion of the Committee Chair. Lastly, School Committee members also encourage citizens to contact them directly through email if questions or concerns arise regarding issues under the scope of duties for School Committee members.

The listing of matters is that which is reasonably anticipated by the Chair to be discussed at the meeting. Not all items listed may be discussed and other items not listed may also be brought up for discussion to the extent permitted by law.
